Studies Abroad and Exchange Programs

Studying abroad provides students with a transcultural experience that has many major benefits: discovering the culture and institutions of other lands, facilitating the development of relevant career skills, making important connections with overseas professionals, enhancing language skills, and obtaining skills that are valued in today's competitive market. In addition, the student will benefit because studying abroad contributes to personal maturity, a sense of independence, self-knowledge, and self confidence.

Georgia Southern University offers study abroad programs in a variety of disciplines. Each program is approved by the Office of the Provost and coordinated by the Study Abroad Office, Center for International Studies. Although program offerings differ year to year, Georgia Southern has sponsored programs to: Bahamas (Marine Biology), Costa Rica (Spanish), Ecuador (Geology and Geography), Germany (Music), England (Education, English, and History), France (French), Mexico (Spanish and Education), South Africa (Archaeology and Paleanthropology), and Spain (Spanish).

The Georgia Southern Center at Xalapa, Mexico:

Georgia Southern University has joined with the University of Veracruz to offer an exciting opportunity for students in Xalapa, the beautiful capital city of the Mexican State of Veracruz. Currently, two programs are operating: a program for Education majors, and a program designed for students who wish to improve their Spanish-speaking skills. The Center at Xalapa also offers content area courses on Mexican culture and civilization which are taught in English. Semester studies (Summer, Fall, or Spring) or year-long studies are available. Students will register and pay fees at Georgia Southern to cover tuition and program costs.

The Office of International Education of the University System of Georgia coordinates many opportunities for students to study abroad while earning academic credit toward completion of degree requirements at their home campus. Over 200 summer and other semester study abroad programs are offered throughout the world. Over 104 major fields of study are included.

The European Council of the University System is sponsoring study abroad programs to the University of Surrey-Roehampton; Paris, France; and St. Petersburg, Russia. Other system-wide programs include Thessaloniki, Greece, and Montepulciano, Italy. These unique programs feature faculty members from Georgia institutions who teach a variety of core and upper division courses at the overseas sites. Georgia Southern students may register on campus through the Study Abroad Programs Office, Center for International Studies.

The University System programs are open to all undergraduate students with a minimum cumulative GPA of 2.5; however, certain programs may require a higher GPA and completion of prerequisites. Graduate students are required to have a 3.0 GPA. HOPE currently pays for tuition for study abroad for students who are eligible. In addition, students in the University System of Georgia who receive financial aid may use it toward study abroad programs.

Exchange programs for Georgia Southern students are currently available at the Fachhochschule Ingolstadt in Germany, Roskilde University in Denmark, Keimyung University in South Korea, and Nagoya University in Japan. These programs allow students to pursue semester or year-long study of both major courses and classes in the language and culture of the host country.
